Spring 2 2024

This half term in Tenth Hole Class

Our first half term in 2024 has gone so quickly and this is down to all the fun things we have been doing at The Wymering School.

We have had jam packed lessons and getting a lot of learning done. In Maths we have been working towards our functional skills qualification, in animal care we have been taking care of our animals and learning about how we can improve the quality of life of the animals we have here, in Food Studies we have been learning all about how we can cook quick, easy and healthy meals and three of the students have passed their level one food hygiene course so well done to them! Finally in Creative Craft we have been working on different projects from up cycling to building our own things.

Residential

As you may have heard, we are going on our first ever Wymering school residential! We are so excited to be able to offer this to our students and as staff we are just as excited as some of the students.

We will be going to YMCA Fairthorne Manor for a two night residential and be doing lots of fun activities, from bush camp skills to rock climbing and so much more.

We will be holding a parent information afternoon/evening.

A date and time for this will be sent out after half term.

We will be taking the students for a day trip to Fairthorne Manor so we can look around and get used to it before we stay.

If you have any questions or are worried about anything at all please feel free to phone or email in.

A few photos

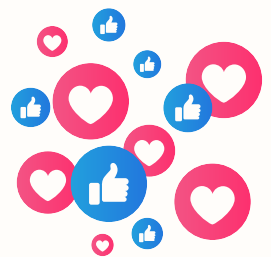

PE after half term

After half term we will be taking Tenth Hole Class swimming on a Wednesday. This is such an amazing opportunity for the class to gain and practice a vital life skill.

a letter should have gone home at the end of term but I will be contacting parents on the First day back to remind everyone.

Half an amazing half term and stay safe!

Don't forget to check out our school Facebook page for regular updates and photos.
