Summer 1 2024

This half term in ...

Our Big Question

How have we already finished another half term?
And what a half term it has been.

This half term has been non stop with trips, visits and learning. We have had a big focus this term on our options after The Wymering School with college trips and thinking about possible work experience.

Our College trips have been very helpful answering a lot of our questions and worries, it have given us teh chance to look at our areas of interest and what they look like in the college world.

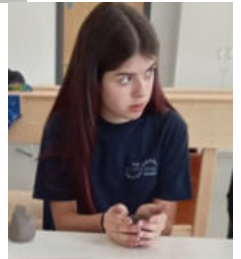

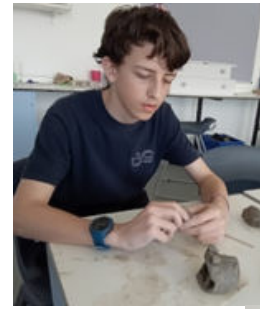

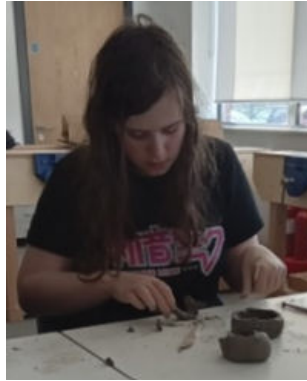

We are very excited to see what our final half term is to bring and if this last week is anything to go by I'm sure it is going to be a good one!

The Wymering School

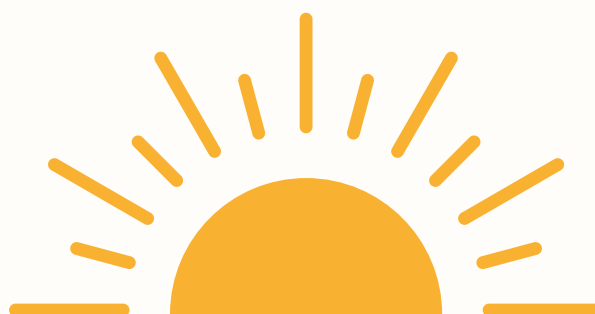

Summer

As summer is arriving and the weather is getting hotter, we are asking all students to bring in a hat, sun cream and a water bottle.

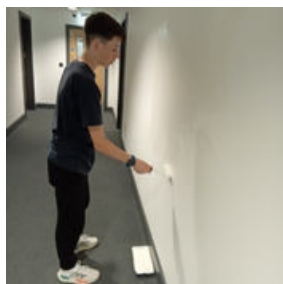

It's very important we keep ourselves safe in the sun.

This means applying sun cream at break times and making sure we are drinking enough water throughout the day.

If we could also bring in spare clothes if we haven't already just incase we take part in some water play, It's always nice to put some dry clothes on.

On A Wym

On a Wym is still going strong with orders coming in every day. If you would like to order or find out more please email the KS4 email address and we will be able to send you all the details.

Currently we have made a total of over £500! Let's see what total we can get to at the end of the school year!
