This half term in Tenth Hole Class

Whats going on this half term?

We have a lot of things planned for this term. We have a lot of visits to colleges so we can continue thinking about life after Wymering. To add to this we are going to start to think about what we would like to do for work experience, we aim to give our students the experience in an area that they are interested in.

This will reflect on what they have chosen for their options and hopefully we can get each student some experience in the area they want.

On top of this we will continue to work hard on our Maths, English and all of our core subjects.

The Wymering School is 1

At the start of this term The Wymering School turned one year old, it's crazy to think we opened a year ago. We have come so far in a year, to celebrate we had a birthday party. We did so many different activities, from an inflatable total wipeout game, a BBQ, took our first ever whole school photo and started our time capsule.

The time capsule will be opened by future students in 30 years time, so we have been putting things in it, to show what life was like at The Wymering school in 2024

Dates for his term

26/04/24 City of Portsmouth College
2/05/24 City of Portsmouth College
3/05/24 HSDC College

Don't forget to check out our school Facebook page for regular updates and photos.

On A Wym

On a Wym is still going strong with orders coming in every day. If you would like to order or find out more please email the KS4 email address and we will be able to send you all the details.

But hurry as we are selling out of some products!

So far we have raised £500 from On a Wym and we would love for that number to grow.

The students in Key Stage 4 have worked really hard on this project and are proud of what they have produced.
