This half term in Trafalgar Class

Whose Earth Is It Anyway?

Our new topic explores our responsibilities for the health and future of our planet.

In Science and in Geography, we will be studying climate change, renewable energy and the effects of pollution and climate change on wildlife and on humans.

To tie our English lessons to this topic, we will be studying the art of persuasion. We have already begun writing letters to Sally to persuade her of changes we would like to make at school, and are learning about devices which will enhance our persuasive writing, such as alliteration.

In Art and Design we will be using recycled materials, culminating in a recycled fashion show! More details to follow on this but we would love for you to join us on 18th Dec for our 'Fantastic Finish' to the unit.

In Maths this half term we will be focusing on multiplication (including decimals), solving written word problems, and conversion of measurements (km to m and cm etc.)

As well as our planet-saving curriculum focus, our music lessons with 'Rock Steady' will continue up until Christmas as well our studies in PE, BTEC Home Cooking, Mental Health & Wellbeing and Life Skills. In PSHE we are looking at the difference between legal and illegal drugs and the issues surrounding them.

We are looking forward to a busy, fun and interesting half term together!

Christmas Recipe Request

For this year's Christmas Market, Trafalgar have decided to design and sell the first ever Wymering School Christmas recipe book.

If you have any favourite family recipes, or photos of your family celebrations (or yummy food!) at Christmas that you'd be happy for them to include, please do share them with us at the KS3 Phase email account below.

Thank you!
