Autumn 2 End 2024

What is going on in Victorious this half term?

What a busy term and more specifically half term!

We have had lots of things going on in Victorious this half term; and students have been fantastic at engaging with them all to the best of their ability.

All of Victorious took their entry level 3 English and maths exams- these were a great success for all. Myself and Caroline are so very proud of them for what they achieved but also for managing the week as it was very different to normal.

The majority of the class visited The Mountbatten Centre for a careers and apprenticeship show; which proved to be very beneficial in terms of information but also the freebies they manages to get- Victorious class will never be short of a pen!

Janine Milburn from Don't Go With The Flow visited key stage 3 and 4 to speak about the importance of drugs and alcohol awareness- this was a valuable session for Victorious students; a lot of new information was gained.

We had a great visit from Paralympic gold medalist Kylie Grimes where we heard about her journey to a professional athlete and then we joined in with her circuit in order to raise money.

We did very well in selling our products for the Christmas Market- thank you to those who attended to support raising money for school. Also, very impressed with the quality of Christmas jumpers was 10/10.

Finally... the panto we saw Rapunzel at The Groundings Theatre- it went down a storm.

I think you'd agree that its been very busy.

Christmas Wishes

Myself and Caroline would like to wish you all a wonderful Christmas and a happy and healthy new year.

Here is to 2025 in Victorious Class
